

Dear ELTECON Freshman,

welcome to the BA program in Applied Economics at the Eötvös Loránd University of Budapest (ELTE), Faculty of Social Sciences or in other words, to the so called ELTECON-BA program. First of all, we would like to congratulate you on your admission and let us share you some important information concerning the program and the beginning of the academic year of 2019/2020 in Hungary.

### **ELTECON-BA official mailing list**

The official mailing list of your class (*eltecon\_ba\_2019@googlegroups.com*) will be made soon. **This is the main communication channel between ELTECON students and the Department of Economics, therefore please carefully read all messages from this list!** The e-mail address that you registered during the admission procedure will be automatically added to the list. In case you want to change your e-mail address, please contact the administrator of our department ([eltecon@tatk.elte.hu](mailto:eltecon@tatk.elte.hu)) as soon as possible.

### **ELTECON-BA mentor program**

Department of Economics helps the integration of the freshmen to ELTECON and generally to the university life in Budapest with a mentor program. In this program the freshmen choose a mentor group formed by senior students whom they can contact with any kind of questions (official problems, course registry, personal issues, etc.). The introductions of the groups and a guide helping in the choice will be sent via the ELTECON-BA official mailing list.

### **ELTECON Fall Camp**

Senior students organize a fall camp in every September specifically for the ELTECON freshmen, current students and alumni (independently from the freshmen-camp organized by the Faculty of Social Sciences). In this camp you have the possibility to meet the other freshmen, your future teachers and the whole ELTECON community. You can ask your questions concerning the educational program and also about your future career opportunities. The participation at this casual weekend is highly recommended because this is the best opportunity to get the basic information in an informal way and to relax a bit with your fellows before the hard work starts. You will be informed about the details via the official mailing list.

## ***Calendar for the Main Events at the Beginning of the Academic Year***
